# WAWF PRESENTATION

### **WAWF 4.0 AND ECP 500**

JUAN ARRATIA

DASN A&LM

E-BUSINESS SECTION

### **MANDATED**

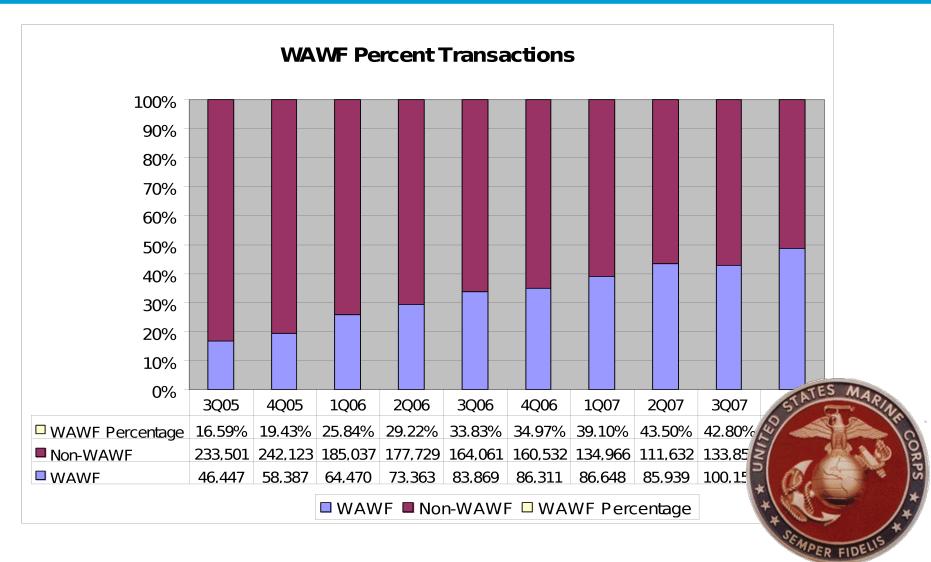

•ASN Memorandum of 25 January 2006.

•ASN & FMO Memorandum of March 2007.

•DFARS CLAUSE 252.232-7003 Electronic Submission of Payment Requests.

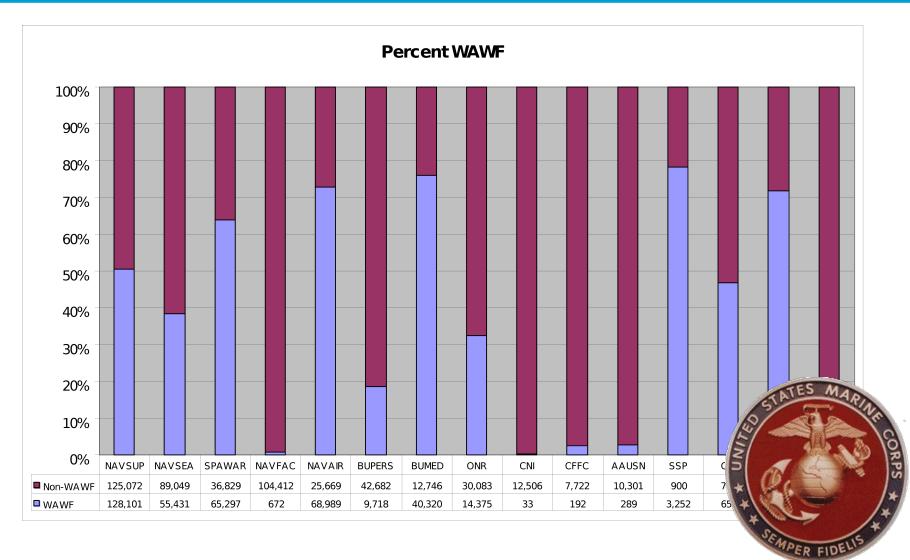

# WHERE IS THE NAVY?

# OCT - SEP FY07

### **NAVFAC NUMBERS**

- •NO Workable Construction Invoice Format in WAWF.
- •NO Ability to process Multiple LOA's per CLIN for Non-Severable items in accordance with DFARS.

# WHERE DOES THAT LEAVE

# US?

- •With NAVFAC Construction ECP 500 for WAWF 4.0 scheduled for release in the Summer of 2008.
- •It is a \$1M Interim solution as agreed to by NAVY, BTA, and BEA.
- •BEA will chair an Enterprise solution for Construction Invoices and Real Property Ustarting in the Spring of 200

# WHAT IS ECP 500

- •New WAWF Invoice Type to Process Facilities and Construction Invoices.
- •It is a Joint requirement with Air Force.
- •The result of seven months of requirements wring-out.
- •A compromise solution between electronic and manual invoice processing.

# **KEY CAPABILITIES**

- Allows Multiple LOA's per CLIN.
  - -Must follow DFARS requirements.
- •Allows Retentions and Withold at the ACRN(SLIN) level.
- •Allows NAVFAC Form 7300/30 to be attached by Vendor and Government Workflow users.

Processes Invoice

for payment

Applies Edits and

controls as

specified by the

ONF PAY

**Vendor** 

Creates Construction Invoice

At the Invoice level, vendor signifies the **Invoice Number** and other required information for the invoice. For each CLIN included on the invoice, the vendor enters CLIN ID, Quantity, Unit, and Unit Price data.

**Inspector** 

Recommends Approval, Reduced Quantity, or Rejection

The Inspector enters the quantity recommended based on outcome of inspection.

> May attach documents.

**Acceptor** 

Accepts/Modifies Inspector's recommendation (full or reduced quantity)

The Acceptor is responsible for completing the **ACRN** information on the ACRN Worksheet(s). Acceptor can enter amounts to be deducted including retention which is not based on quantity delivered.

> Can Reject to Vendor

May attach documents

**LPO Reviewer** (ONE PAY only)

Adds detail line of accounting data for TFO on the LLOA tab

> If the LPO disagrees with the Acceptor's recommendation. the LPO will make the invoice available for recall so the Acceptor can recall and adjust.

> > Can Make Available for Recall

Can Reject to Vendor

**LPO** 

(ONE PAY only)

Certifies Invoice

Adds or Edits LLOA data.
